Class Descriptions

Competitors may enter both Championship and Performance Program classes for which they are eligible; however, under NO circumstance may a dog be entered in the same Championship and Performance class at this agility test. Classes include standard agility, gamblers, jumpers, pairs relay and snooker agility as set forth in Chapters 3 – 7 of USDAA Rules and Regulations, each of which are conducted at three competitive levels (i.e., standard at any level in both programs).

Championship Program Classes

The Starters Standard classes shall be for dogs that have not earned the Agility Dog® title or a Starters Standard title. Starters Non-standard classes shall be for dogs that have not earned a title in the class being entered (Starters Gamblers, Starters Jumpers, Starters Relay-3 different partners required-or Starters Snooker) or a qualifying score in the equivalent non-standard class at the Advanced or Masters level. When offered separately as Starters and Novice classes, the Starters level classes are for dogs handled by a person who has not previously earned the Agility Dog title or a title in the Performance or Veterans Program with any dog. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the Agility Dog title.

The Advanced Standard classes shall be for dogs that have earned the Agility Dog® title or a Starters Standard title.

Advanced non-standard classes shall be for dogs that have earned the Agility Dog® title or that have earned a title in the equivalent non-standard class at the Starters level, but have not earned the equivalent Advanced non-standard title or a qualifying score in the equivalent non-standard class at the Masters level. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the Advanced Agility Dog title.

The Masters Standard classes shall be for dogs that have earned the Advanced Agility Dog® title or the Advanced Standard title.

Masters non-standard classes shall be for dogs that have earned the Advanced Agility Dog® title, the equivalent non-standard title at the Advanced level, or that had previously qualified for entry into the equivalent Masters non-standard class prior to January 1, 2004.

Performance Program Classes

Generally, Performance Level I, Level II and Level III are run on courses used for Starters, Advanced and Masters classes in the Championship Program, with the following exceptions: the A-frame is set in accordance with the new regulations, jump heights are one height class lower as set forth in Notes to Competitors, no spread hurdles are utilized and time standards in the standard, jumpers classes are extended by 3 seconds beyond that utilized in the Championship Program and the pairs relay class is nonqualifying. Eligibility is determined as follows:

The Performance I Standard classes shall be for any dog that has not earned the Performance Dog ISM title, the Performance Standard I title, or a qualifying score in the Performance II or Performance III standard classes.

Performance I non-standard classes shall be for any dog that has not earned a title in the class being entered (Performance I Gamblers, Performance I Jumpers, Performance I Snooker, or Performance I Relay) or a qualifying score in the equivalent nonstandard class at the Performance II or Performance III level. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the non-standard classes is required to earn the Performance Dog ISM title.

The Performance II Standard classes shall be for any dog that has earned the Performance Dog ISM title, the Performance Standard I title, the Agility Dog® title or the Veteran Agility DogSM title, but has not earned the Performance Dog IISM title or Performance Standard II title, or a qualifying score in the Performance III standard class.

Performance II non-standard classes shall be for dogs having earned the Performance Dog ISM title, the Agility Dog® title or a title in the equivalent Starters or Performance I non-standard class, but not having earned a title in the equivalent non-standard Performance II class or a qualifying score in the equivalent non-standard Performance III class. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the Performance Dog IISM title.

The Performance III Standard classes shall be for any dog that has earned the Performance Dog IISM title, the Performance Standard II title, the Advanced Agility DogSM title, or the Veteran Advanced Agility DogSM title.

Performance III non-standard classes shall be for dogs having earned the Performance Dog IISM title, the Advanced Agility Dog® title, the equivalent non-standard title at the Advanced or Performance II level, or that had previously qualified for entry into the equivalent Performance non-standard class prior to January 1, 2004.

Class Information

Classes include Standard Agility, Gamblers, Jumpers, Pairs Relay, and Snooker agility as set forth in Chapters 3 – 7 of USDAA Rules and Regulations, each of which are conducted at three competitive levels.

1. **Standard Class.** Consists of a sequentially numbered course containing an a-frame, dog walk, see-saw, open tunnel(s), closed tunnel, table, tire jump, weaves, spread jump, and various hurdle jumps.
2. **Gamblers Class.** Consists of a course with no pre-determined route and each obstacle is assigned a point value. In the “opening” period the handler seeks to accumulate points by performing the obstacles of his/her choice in the time allotted. At the conclusion of the “opening” the handler attempts the “gamble”, a sequence designated by the judge to be handled from a distance, for additional points.
3. **Jumpers Class.** This class consists of a course of jumps and may include a tire and tunnels.
4. **Snooker Class.** This class has an “opening” sequence of point collection similar to the Gamblers, followed by a closing sequence of a set pattern. Roughly parallels the billiards game of “Snooker”, requiring the dog to successfully complete a “red” jump prior to attempting an obstacle designated as any other color.

5. **Pairs Relay.** This class consists of a standard course with one dog and handler running a portion of the course, followed by a baton exchange to a second handler and dog who run the second portion of the course. Competitors must be paired within their competition level and height division; mini - Ch. 12"/16", Perf. 8"/12" or open – Ch. 22"/26", Perf. 16"/22". In the event only one dog is entered in a program/level, un-entered dogs or dogs from another program/level may NOT be recruited to form a qualifying pair.

TOURNAMENT CLASSES (descriptions provided have been edited to save space; for complete rules go to www.usdaa.com).

2010 Grand Prix of Dog Agility® World Championships & Performance Grand PrixSM - Local Qualifiers

These tournaments are open to all competitors regardless of titles earned or skill level. Both are a single-round tournament featuring the sport in its basic form. The course includes obstacles as set forth in Chapter 3 of USDAA Rules and Regulations for standard agility, except that no table obstacle shall be used. Standard scoring shall be applied.

Competitors must have a ZERO fault round to earn a qualifying score for which qualifying ribbons are presented. One qualifying score is required for entry in Round 1 of a Regional Championships. Additionally, the first place competitor in each height class who has earned a qualifying score shall be eligible to enter the final round of a Type 1 Regional Championship without regard to their score in the first round. Such eligibility shall be documented through a “bye” voucher. A competitor may earn more than one voucher, and the voucher is non-transferable, can be used only once and must be submitted with the competitor’s entry form for a Type 1 Regional Championship. See complete rules and regulations for Regional Championships, which are hereby incorporated by reference.

SPECIAL NOTES: When a local qualifier is held in conjunction with an agility test where all levels of titling are NOT being offered, ‘bye’ vouchers will not be awarded. (e.g. Starters/Advanced only, Advanced/Masters only, Masters only – **Tournament Only shows do not fall into this category**) Competitors with a qualifying score placing first in a jump height shall be named Regional Champion and earn a bye into the World Championship semifinals. Additionally, competitors at a Regional Championship with a qualifying score in Round 2 in the top 50% in each height class shall earn a bye into the semifinals at the Cynosport World Games. If at a regional championship a bye is earned by a competitor/dog team who has already earned a bye in that jump height, the bye is forfeited.

The rules may be found on the USDAA web site—General Information—Forms and Documents Library, or may be requested in writing by US mail from the USDAA office. A competitor must have two qualifications from local qualifiers, one of which may be from the first round of a Regional Championship, in order to qualify for entry to the world championship quarterfinals; however, where a competitor may choose to compete in both Grand Prix and Performance Grand Prix qualifiers during the current tournament season, the competitor is only eligible to compete in the championships of the tournament in which they have earned the most qualifications. Further, 2010 tournament rules stipulate that a competitor must compete all in Championship or all in Performance tournaments at Regional and National/World Championship events.

Awards (Grand Prix)

First place qualifying winner in each height class shall be awarded a “bye voucher”, permitting them to advance to the final round of a regional championship. A double overlay maroon and white ribbon shall be awarded to all qualifiers. 1st – 6th place ribbons will be awarded in each jump height.

Awards (Performance Grand Prix)

First place qualifying winner in each height class shall be awarded a “bye voucher”, permitting them to advance to the final round of a regional championship. A double overlay maroon and pink ribbon shall be awarded to all qualifiers. 1st-3rd place ribbons will be awarded in each jump height.

2010 DOG AGILITY STEEPLECHASE® & PERFORMANCE SPEED JUMPINGSM TOURNAMENTS

Description: These tournaments are open to all dogs regardless of skill level or titles earned. These two-round tournaments emphasize speed. Each round will be conducted on a jumpers-style course that shall include at least two spread hurdles, a long jump and an A-frame and weave poles. Either the A-Frame or weave poles shall be required to be performed twice. Top competitors as set forth under Qualification & Advancement shall advance to Round 2 to compete for prize money, Tournament Top Ten points and Lifetime Achievement Qs. Qualifiers as defined herein earn the right to enter either the quarterfinals or semifinals at the Dog Agility Steeplechase® championships (semifinals for Speed Jumping) to be held in autumn of 2010. Competitors may not be entered in both tournaments at this event.

Scoring: Shall be conducted pursuant to USDAA Championship Program Starters level rules, except that scoring in each round shall be on a time plus faults basis, with a five-point penalty added to a competitor's performance time for each occurrence of a fallen hurdle or missed contact; running the wrong course shall be scored as an elimination as defined under Masters rules. For purposes of qualification calculations, a competitive performance resulting in "elimination" as a result of performance error in the normal pursuit of a round shall be included in the count of competitors "actually competing" in the qualifying score computations.

Qualification & Advancement

Qualification shall be determined based upon the Round 1 scores. Only competitors with scores equal to or less than the maximum qualifying score in round 1 qualify. Qualifiers and placement winners (minimum of four, there is no maximum) in the height class are eligible to advance to Round 2 at a local qualifying event in order to compete for Top Ten points, Lifetime Achievement Qs and prize money (if awarded in Speed Jumping), provided they have finished the round with a score. Non-qualifying competitors running in Round 2 shall not be credited with a qualifying score regardless of their final standing.
