This event is sanctioned by the United States Dog Agility Association, Inc., hereinafter referred to as USDAA. The rules and regulations of the United States Dog Agility Association, Inc. shall apply at this event. A copy of USDAA rules and regulations may be accessed online at www.usdaa.com.

Additional copies of this test schedule may be found online at <http://www.usdaa.com>.

All entries must be received no later than 6 pm, Friday, April 16. However, advancement in level for those entries will be permitted until 6 pm, Monday, May 3rd, by phone (301-695-1228) or by email (preferred) LitlBigDog@aol.com. No other changes will be permitted after the closing date.

For entries to be accepted, each entry must be complete, signed (for minors, signed by parent or legal guardian), received by the Closing Date and accompanied by the correct fees as calculated on the entry form.

Class Fee Schedule

Standard Classes (Championship & Performance)	\$13.00
Jumpers, Snooker, Gamblers, Pairs Relay (Championship & Performance)	\$13.00
Steeplechase & Performance Speed Jumping Qualifiers	\$23.00
Grand Prix & Performance Grand Prix Qualifiers	\$23.00
Team and Performance Versatility Pairs Qualifiers	\$65.00

Early Bird Discount \$1.00 per class entered (entries must be postmarked on or before Friday, 3/26)

A USDAA Registration Form is included within this Agility Test Schedule which must be completed and submitted with payment with any entry that does not bear a valid USDAA registration number. All dogs entered in this test must have a valid USDAA registration number and will be required to show proof on the day of the test, unless registered in conjunction with entry to this trial.

Prizes and Awards

First through fourth place ribbons will be awarded for placement in each jump height in standard and non-standard classes (except for Starters, which will award first through sixth place). Each Pairs Relay class will be awarded first through fourth place ribbons for both the mini and open divisions. Maroon rosettes will be awarded to all qualifiers.

Steeplechase and Performance Speed Jumping awards, including cash prizes are described later in the Class Description for the Steeplechase and Performance Speed Jumping.

Grand Prix and Performance GP classes: First through third place in each height will receive rosettes. First place qualifying winner in each height class shall be awarded a “bye voucher”, permitting them to advance to the final round of a regional championship. A double overlay maroon and white ribbon (GP) and a double overlay maroon and pink ribbon (PGP) shall be awarded to all qualifiers.

Special Title Rosettes will be awarded to any dog/handler team completing a title at this test. Please notify the ribbon table of titles earned.

Check-In, Measuring & Briefing

Check-In and measuring will be on Friday (Saturday and Sunday for those not entered Friday). Self check-in will be available for those competitors that submitted copies of their dog(s) permanent height card(s) (yellow, plastic) with their entries. Copies of blue cards cannot be accepted. There will be no check-in on Thursday night. All dogs must be measured unless a permanent registration card, properly authorized temporary registration card, or authorized registration letter issued by the USDAA office is presented at time of registration.

Judges' briefings each morning will begin as close to 7:45 am as possible. All times are subject to change and will be so stated in your confirmation and/or announced during the weekend.

Notice to Competitors

Competitors, through submission of entry, acknowledge that they are knowledgeable of USDAA rules and regulations including, but not limited to, the following rules regarding entry:

- This test is open to all dogs being at least eighteen (18) months of age, including purebred and non-purebred, except bitches in season, dogs suffering from any deformity, injury or illness that may affect the dog's physical or mental performance, or dogs exhibiting signs of aggression towards people or other dogs.
- All dogs must be registered with USDAA in order to compete in sanctioned events. Registration may be made concurrently with entry to this show, a form is included within this Test Schedule. You may obtain a registration number immediately and a measurement card prior to the show by going online to www.usdaa.com, click on General Information.
- The safety of the dogs is our primary concern. Therefore, all competitors acknowledge and agree that their dogs are familiar with and able to perform all obstacles safely.
- Entry fees will not be refunded in the event that a dog is absent, disqualified, excused, or barred from competition by the action of the Trial Committee. No entry fee will be refunded if the trial cannot open or be completed by reason of riots, civil disturbances, fire, an act of God, public emergency, act of a public enemy, or any other cause beyond the control of the organizing committee.
- Entry fees (less fees to USDAA) will be refunded for bitches in season or injured dogs with a vet certificate presented within one week prior to the event or on Saturday, May 1st. **Entry refunds only as described herein will not be made after May 1.**
- Bad Checks: Returned checks do not constitute a valid entry. There will be a \$25.00 service charge for returned checks. Amounts shall be paid within 30 days of postmarked notice of returned check if such date follows the event date. Any fees not received within 30 days of notice result in cancellation of event results for all classes for the registration number(s) of delinquent entry/entries. No reinstatement of results is possible, and all awards must be returned within 10 days of notification, or the dog's registration may be suspended pending restitution. Any unpaid fees or shortfalls must be paid prior to the start of the event or entry is canceled without recourse.
- All checks will be deposited at least two weeks prior to the trial date.
- Valid Entry is defined as the receipt of a properly completed and signed "official" entry form as included in the event's test schedule along with entry fees for classes, registrations or other cost items listed thereon. In the case of minor errors in calculations of fees, TAG in their sole discretion may either reject the entry or permit the competitor to pay the balance due prior to the start of the event. Failure to settle such balances in such a manner shall result in cancellation of entries without recourse. Any overpayment of entries less than \$20 will not be refunded.
- It is expressly understood that competitors alone are responsible for the behavior of their dogs and/or children. Any competitor whose dogs and/or children create unnecessary disturbances or repeatedly engage in unsafe or disruptive behavior may, at the discretion of the Trial Committee, be asked to leave the show site. In such case, no refund of any fees paid will be made.
- All dogs must be on a leash at all times except when in the ring or when in the designated agility warm-up area. Competitors are responsible for cleaning up after their dog(s). Any competitor failing to do so will be excused without benefit of refund.
- No leads, collars, food, toys, or other aids or devices shall be permitted on the course at any time.
- The Organizing Committee of an event may refuse the entry of any competitor or dog for just cause should the committee views that participation by competitor or dog would be prejudicial to the sport. However, any committee so doing must notify the competitor in writing (with a copy to the USDAA office) in anticipation of or upon receipt of entry. The notice must include the reason for refusing the entry and a brief explanation of the basis for their decision. The burden of responsibility for appropriateness of such action rests solely with the host group and its Organizing Committee.
- Mismatched or incomplete pairs shall be accepted as draw entries only.
- Entries "For Exhibition Only" (F.E.O.) shall not be allowed. In the event a dog measures up, it will run first in the higher height.
- No choke chains, prong collars, or electronic shock collars will be permitted on the event site.
- No dogs may be left unattended, except when properly kenneled in designated tenting/kennel areas.
- Agility obstacles shall be chosen from those described in the current edition of the USDAA Official Rules and Regulations. There will be no equipment familiarization offered. A warm-up area and a single practice jump will be provided for competitors. All competitors shall be on time and at the start line promptly.
- Fault limits may be imposed in classes to which they apply by the organizing committee and judge.
- Competitors may not enter any class held for title under a judge who resides in the same household or with whom they have trained in the past ten (10) days.

****IMPORTANT INFORMATION!****

- No set up or check-in on Thursday, May 6th
- There is no overnight parking at the trial site
- No parking on grass at trial site. RVs to park in designated parking only.
- Food and drinks will be available at an on site concession stand. We are not permitted to bring food or drinks into the building! Treats for your dogs only are permissible.
- All crates must have a mat under them. Only high occupancy x-pens will be permitted in the building.

Class Descriptions

Competitors may enter both Championship and Performance Program classes for which they are eligible; however, under NO circumstance may a dog be entered in the same Championship and Performance class at this agility test. Classes include standard agility, gamblers, jumpers, pairs relay and snooker agility as set forth in Chapters 3 – 7 of USDAA Rules and Regulations, each of which are conducted at three competitive levels (i.e., standard at any level in both programs).

Championship Program Classes

The Starters Standard classes shall be for dogs that have not earned the Agility Dog® title or a Starters Standard title. Starters Non-standard classes shall be for dogs that have not earned a title in the class being entered (Starters Gamblers, Starters Jumpers, Starters Relay-3 different partners required-or Starters Snooker) or a qualifying score in the equivalent non-standard class at the Advanced or Masters level. When offered separately as Starters and Novice classes, the Starters level classes are for dogs handled by a person who has not previously earned the Agility Dog title or a title in the Performance or Veterans Program with any dog. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the Agility Dog title.

The Advanced Standard classes shall be for dogs that have earned the Agility Dog® title or a Starters Standard title.

Advanced non-standard classes shall be for dogs that have earned the Agility Dog® title or that have earned a title in the equivalent non-standard class at the Starters level, but have not earned the equivalent Advanced non-standard title or a qualifying score in the equivalent non-standard class at the Masters level. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the Advanced Agility Dog title.

The Masters Standard classes shall be for dogs that have earned the Advanced Agility Dog® title or the Advanced Standard title.

Masters non-standard classes shall be for dogs that have earned the Advanced Agility Dog® title, the equivalent non-standard title at the Advanced level, or that had previously qualified for entry into the equivalent Masters non-standard class prior to January 1, 2004.

Performance Program Classes

Generally, Performance Level I, Level II and Level III are run on courses used for Starters, Advanced and Masters classes in the Championship Program, with the following exceptions: the A-frame is set in accordance with the new regulations, jump heights are one height class lower as set forth in Notes to Competitors, no spread hurdles are utilized and time standards in the standard, jumpers classes are extended by 3 seconds beyond that utilized in the Championship Program and the pairs relay class is nonqualifying. Eligibility is determined as follows:

The Performance I Standard classes shall be for any dog that has not earned the Performance Dog ISM title, the Performance Standard I title, or a qualifying score in the Performance II or Performance III standard classes.

Performance I non-standard classes shall be for any dog that has not earned a title in the class being entered (Performance I Gamblers, Performance I Jumpers, Performance I Snooker, or Performance I Relay) or a qualifying score in the equivalent nonstandard class at the Performance II or Performance III level. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the non-standard classes is required to earn the Performance Dog ISM title.

The Performance II Standard classes shall be for any dog that has earned the Performance Dog ISM title, the Performance Standard I title, the Agility Dog® title or the Veteran Agility DogSM title, but has not earned the Performance Dog IISM title or Performance Standard II title, or a qualifying score in the Performance III standard class.

Performance II non-standard classes shall be for dogs having earned the Performance Dog ISM title, the Agility Dog® title or a title in the equivalent Starters or Performance I non-standard class, but not having earned a title in the equivalent non-standard Performance II class or a qualifying score in the equivalent non-standard Performance III class. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the Performance Dog IISM title.

The Performance III Standard classes shall be for any dog that has earned the Performance Dog IISM title, the Performance Standard II title, the Advanced Agility DogSM title, or the Veteran Advanced Agility DogSM title.

Performance III non-standard classes shall be for dogs having earned the Performance Dog IISM title, the Advanced Agility Dog® title, the equivalent non-standard title at the Advanced or Performance II level, or that had previously qualified for entry into the equivalent Performance non-standard class prior to January 1, 2004.

Class Information

Classes include Standard Agility, Gamblers, Jumpers, Pairs Relay, and Snooker agility as set forth in Chapters 3 – 7 of USDAA Rules and Regulations, each of which are conducted at three competitive levels.

1. **Standard Class.** Consists of a sequentially numbered course containing an a-frame, dog walk, see-saw, open tunnel(s), closed tunnel, table, tire jump, weaves, spread jump, and various hurdle jumps.
2. **Gamblers Class.** Consists of a course with no pre-determined route and each obstacle is assigned a point value. In the “opening” period the handler seeks to accumulate points by performing the obstacles of his/her choice in the time allotted. At the conclusion of the “opening” the handler attempts the “gamble”, a sequence designated by the judge to be handled from a distance, for additional points.
3. **Jumpers Class.** This class consists of a course of jumps and may include a tire and tunnels.
4. **Snooker Class.** This class has an “opening” sequence of point collection similar to the Gamblers, followed by a closing sequence of a set pattern. Roughly parallels the billiards game of “Snooker”, requiring the dog to successfully complete a “red” jump prior to attempting an obstacle designated as any other color.

5. **Pairs Relay.** This class consists of a standard course with one dog and handler running a portion of the course, followed by a baton exchange to a second handler and dog who run the second portion of the course. Competitors must be paired within their competition level and height division; mini - Ch. 12"/16", Perf. 8"/12" or open – Ch. 22"/26", Perf. 16"/22". In the event only one dog is entered in a program/level, un-entered dogs or dogs from another program/level may NOT be recruited to form a qualifying pair.

TOURNAMENT CLASSES (descriptions provided have been edited to save space; for complete rules go to www.usdaa.com).

2010 Grand Prix of Dog Agility® World Championships & Performance Grand PrixSM - Local Qualifiers

These tournaments are open to all competitors regardless of titles earned or skill level. Both are a single-round tournament featuring the sport in its basic form. The course includes obstacles as set forth in Chapter 3 of USDAA Rules and Regulations for standard agility, except that no table obstacle shall be used. Standard scoring shall be applied.

Competitors must have a ZERO fault round to earn a qualifying score for which qualifying ribbons are presented. One qualifying score is required for entry in Round 1 of a Regional Championships. Additionally, the first place competitor in each height class who has earned a qualifying score shall be eligible to enter the final round of a Type 1 Regional Championship without regard to their score in the first round. Such eligibility shall be documented through a “bye” voucher. A competitor may earn more than one voucher, and the voucher is non-transferable, can be used only once and must be submitted with the competitor’s entry form for a Type 1 Regional Championship. See complete rules and regulations for Regional Championships, which are hereby incorporated by reference.

SPECIAL NOTES: When a local qualifier is held in conjunction with an agility test where all levels of titling are NOT being offered, ‘bye’ vouchers will not be awarded. (e.g. Starters/Advanced only, Advanced/Masters only, Masters only – **Tournament Only shows do not fall into this category**) Competitors with a qualifying score placing first in a jump height shall be named Regional Champion and earn a bye into the World Championship semifinals. Additionally, competitors at a Regional Championship with a qualifying score in Round 2 in the top 50% in each height class shall earn a bye into the semifinals at the Cynosport World Games. If at a regional championship a bye is earned by a competitor/dog team who has already earned a bye in that jump height, the bye is forfeited.

The rules may be found on the USDAA web site—General Information—Forms and Documents Library, or may be requested in writing by US mail from the USDAA office. A competitor must have two qualifications from local qualifiers, one of which may be from the first round of a Regional Championship, in order to qualify for entry to the world championship quarterfinals; however, where a competitor may choose to compete in both Grand Prix and Performance Grand Prix qualifiers during the current tournament season, the competitor is only eligible to compete in the championships of the tournament in which they have earned the most qualifications. Further, 2010 tournament rules stipulate that a competitor must compete all in Championship or all in Performance tournaments at Regional and National/World Championship events.

Awards (Grand Prix)

First place qualifying winner in each height class shall be awarded a “bye voucher”, permitting them to advance to the final round of a regional championship. A double overlay maroon and white ribbon shall be awarded to all qualifiers. 1st – 4th place ribbons will be awarded in each jump height.

Awards (Performance Grand Prix)

First place qualifying winner in each height class shall be awarded a “bye voucher”, permitting them to advance to the final round of a regional championship. A double overlay maroon and pink ribbon shall be awarded to all qualifiers. 1st-4th place ribbons will be awarded in each jump height.

2009 DOG AGILITY STEEPLECHASE® & PERFORMANCE SPEED JUMPINGSM TOURNAMENTS

Description: These tournaments are open to all dogs regardless of skill level or titles earned. These two-round tournaments emphasize speed. Each round will be conducted on a jumpers-style course that shall include at least two spread hurdles, a long jump and an A-frame and weave poles. Either the A-Frame or weave poles shall be required to be performed twice. Top competitors as set forth under Qualification & Advancement shall advance to Round 2 to compete for prize money, Tournament Top Ten points and Lifetime Achievement Qs. Qualifiers as defined herein earn the right to enter either the quarterfinals or semifinals at the Dog Agility Steeplechase® championships (semifinals for Speed Jumping) to be held in autumn of 2010. Competitors may not be entered in both tournaments at this event.

Scoring: Shall be conducted pursuant to USDAA Championship Program Starters level rules, except that scoring in each round shall be on a time plus faults basis, with a five-point penalty added to a competitor’s performance time for each occurrence of a fallen hurdle or missed contact; running the wrong course shall be scored as an elimination as defined under Masters rules. For purposes of qualification calculations, a competitive performance resulting in “elimination” as a result of performance error in the normal pursuit of a round shall be included in the count of competitors “actually competing” in the qualifying score computations.

Qualification & Advancement

Qualification shall be determined based upon the Round 1 scores. Only competitors with scores equal to or less than the maximum qualifying score in round 1 qualify. Qualifiers and placement winners (minimum of four, there is no maximum) in the height class are eligible to advance to Round 2 at a local qualifying event in order to compete for Top Ten points, Lifetime Achievement Qs and prize money (if awarded in Speed Jumping), provided they have finished the round with a score. Non-qualifying competitors running in Round 2 shall not be credited with a qualifying score regardless of their final standing.

Steeplechase Eligibility for Entry:

Regional Championships: A competitor must have one qualification at a local qualifier to be eligible to enter Round 1 of a Regional Championships.

World Championship Quarterfinals: Two qualifications, one of which may be from the first round of a Regional Championship will be required for entry.

World Championship Semifinals: Advancement from the quarterfinals by earning the equivalent of a qualifying score or by direct entry into the semifinal by having earned a ‘bye’ at a Regional Championship.

Speed Jumping Eligibility for Entry into the Championships: Two qualifying scores as defined herein are required to enter the semifinals at the Performance Speed JumpingSM Championships to be held in autumn of 2009.

Steeplechase Awards:

Prize money shall be computed based upon 20% to 40% (at club’s discretion) of the total entry fees to be allocated in accordance with the payout table below regardless of the size of entry in any height class.

Speed Jumping Awards:

Prizes or awards shall be provided at the club’s discretion. Should prize money be awarded, the following table shall be utilized

Steeplechase								Speed Jumping				
Ht	1 st	2nd	3rd	4th	5th	6th	Total	Ht	1st	2 nd	3 rd	Total
12”	10%	6%	4%				20%	8”	12%	8%	5%	25%

Total	40%	24%	16%	11%	6%	3%	100%	Total	48%	32%	20%	100%

*Allocable amounts to finalist positions that are not filled for any reason or allocable prize amounts less than \$3.00 shall not be paid.

Program eligibility in Regional and National/World Championships shall be determined as follows: Where a competitor has qualifying scores in Championship Program tournaments and Performance Program tournaments, a competitor must enter all Championship Program tournaments unless the total number of qualifications earned in all Performance Program tournaments is greater

2010 DOG AGILITY MASTERS® TEAM DESCRIPTION

Description: This tournament series is open to all competitors with any dog, regardless of competition level (i.e., starters, advanced and masters). A team may be comprised of handlers with dogs from any two height classes (e.g., 12”/26”, 16”/26”, 22”/22”, etc). Each individual on a three-dog/three-handler team competes in four classes of competition –

standard agility, snooker, jumpers and gamblers choice. Top teams as set forth herein compete in a fifth and final class – the three-dog team relay to establish placements for prizes and awards.

Each of the five classes will be conducted pursuant to USDAA Rules & Regulations, except that select performance requirements are subject to judge's discretion. The following differences are specifically noted:

The performance requirements of the standard agility and relay classes as specified in Chapters 3 & 6 shall exclude the table (other than as a finish or relay exchange point) and may omit one contact obstacle in the course design at judge's discretion. When the table is used as a finish or relay exchange point, no position or time requirement shall be imposed.

The performance requirements of the snooker, gamblers and jumpers classes shall generally follow the requirements of Chapter 6 of USDAA Rules & Regulations, except that:

1. The jumpers class shall include weave poles and may omit one or more spread hurdles.
 2. The gamblers class may include or omit rules normally applied for point assignments, time allocations and joker requirements.
 3. The snooker class course configuration and course components may be at the judge's discretion.
- The foregoing variances are subject to the review and approval of the tournament course reviewer and other provisions set forth herein.

Scoring: Masters scoring rules shall apply for the determination of faults in all classes. Time-plus-faults scoring method shall be utilized in the standard, jumpers and team relay classes (i.e., no standard course time is employed), with the following special values assigned for infractions:

Each Refusal	2 fault points
Three refusals per dog or wrong course	1/3 of the Class Point Value.
Omission of a team member in relay (see special rules)	200 fault points

The resulting scores on a time-plus-faults basis shall be deducted from the standard point-basis for each class as set forth under "Special Rules" in order to calculate points earned by each team in a given class. In no case shall the team score for a single class be less than zero. These points shall be added to points earned in the gamblers and snooker classes, after adjustment as set forth below, to determine each team's final score. Team ranking and placements shall be on the basis of cumulative scores through the five classes of competition.

Qualification: A qualifying score shall be awarded to competitors who compete in all five classes and whose team scores are within 25% of the average of the total points earned by the top three teams after the fifth and final class. In the event fewer than five (5) teams are entered, the minimum qualifying score will be calculated using the top score after all 5 classes.

All competitors being entered on a team at the World Championships must be qualified through a local or regional qualifying event. Where a competitor has qualifying scores in both Championship and Performance Program tournaments, a competitor is eligible to enter the Performance Program tournaments at a regional, national, and/or world championship event only if the collective number of qualifications in the Performance Program tournaments for the season are greater in number than the number earned in Championship Program tournaments as of the closing date of the event to be entered.

Awards: Prizes and awards will be made based upon overall team scores after the five rounds. USDAA will provide "Gold", "Silver" & "Bronze" medals at local qualifying events for the best overall teams. At Regional Championship events in the United States they will provide a plaque for each member of the first place team overall. Each member of a qualifying team will receive a lapel pin in recognition of their qualification. Placement ribbons or rosettes may be awarded at the discretion of the host group.

2010 PERFORMANCE VERSATILITY PAIRS_{SM} DESCRIPTION

Description: This tournament series is open to all competitors with any dog, regardless of competition level (i.e., starters, advanced and masters). A Pair or "team" may be comprised of dogs from any two height classes (e.g., 8"/12", 16"/16", 8"/22", 16"/22", 22"/22", etc). Each individual on a team competes in four classes of competition – standard, snooker, jumpers and gamblers choice. Top teams as set forth herein compete in a fifth and final class – the pairs relay, to establish placements for prizes and awards.

Each of the five classes will be conducted pursuant to USDAA Rules & Regulations, except that select performance requirements are subject to judge's discretion. The following differences are specifically noted:

The performance requirements of the standard and relay classes as specified in Chapters 3 & 6 and modified by Chapter 7 shall exclude the table (other than as a finish or relay exchange point) and may omit one contact obstacle in the course design at judge's discretion. When the table is used as a finish or relay exchange point, no position or time requirement shall be imposed.

The performance requirements of the snooker, gamblers and jumpers classes shall generally follow the requirements of Chapter 6 and modified by Chapter 7 of USDAA Rules & Regulations, except that:

1. The jumpers class shall include the weave poles.
2. The gamblers class may include or omit rules normally applied for point assignments, time allocations and joker requirements.
3. The snooker class course configuration and course components may be at the judge's discretion.

The foregoing variances are subject to the review and approval of the tournament course reviewer and other provisions set forth herein.

Scoring: Masters scoring rules shall apply for the determination of faults in all classes. Time-plus-faults scoring method shall be utilized in the standard, jumpers and relay classes (i.e., no standard course time is employed), with the following special values assigned for infractions:

Each Refusal	2 fault points
Three refusals per dog or wrong course	1/2 of the Class Point Value.
Omission of a team member in relay (see special rules)	200 fault points

The resulting scores on a time-plus-faults basis shall be deducted from the standard point-basis for each class as set forth under "Special Rules" in order to calculate points earned by each pair in a given class. In no case shall the score for a single class be less than zero. These points shall be added to points earned in the gamblers and snooker classes, after adjustment as set forth below, to determine each pair's final score. Pair ranking and placements shall be on the basis of cumulative scores through the five classes of competition.

Qualification: A tournament qualifying score shall be awarded to competitors who compete in all five classes and whose pair scores are in within 25% of the average of the total points earned by the top three pairs after the fifth and final class. In the event fewer than three (3) pairs are entered, the minimum qualifying score will be determined using the top score after all 5 classes.

All competitors entered on a pair at the World Championships must be qualified through a local or regional qualifying event. Where a competitor has qualifying scores in both Championship and Performance Program tournaments, a competitor is eligible to enter the Performance Program tournaments at a regional, national, and/or world championship event only if the collective number of qualifications in the Performance Program tournaments for the season are greater in number than the number earned in Championship Program tournaments as of the closing date of the event to be entered.

Awards: Prizes and awards will be made based upon overall scores after the five rounds. USDAA will provide "Gold", "Silver" & "Bronze" medals at local qualifying events for the best overall pairs. At Regional Championship events held in the United States USDAA will provide a plaque for each member of the first place p overall. Each member of a qualifying pair will receive a lapel pin in recognition of their qualification. Placement ribbons or rosettes may be awarded at the discretion of the host group.

☐ DOG REGISTRATION APPLICATION - \$20.00

☐ JUNIOR HANDLER REGISTRATION APPLICATION - \$20.00

Dogs must be registered with USDAA in order to compete in USDAA sanctioned events. A registration card and number with a "U" prefix will be issued to facilitate entry at USDAA events and tracking of show results in the regular classes. Effective January 1, 1995 junior handlers (those 18 years of age and younger) and their dogs must be separately registered for participation in the USDAA's Junior Handler Program (UJHP). A registration number with a "J" prefix will be assigned for use in entering UJHP events. A dog that is expected to compete in both programs (regular classes and UJHP) must be registered separately for each program. If registering for both programs at the same time, the fee is \$40.00. Send this form with your entry form if you do not have a USDAA registration number.

GENERAL AGREEMENT: I (we) agree that Touch & Go Agility Club has the right to refuse this entry for cause which the organizing committee alone shall deem to be sufficient. In consideration of the acceptance of this entry, of the holding of the event and of the opportunity to have the dog participate and/or to be judged, I (we) agree to hold the organizing committee, Touch & Go Agility Club, United States Dog Agility Association, Inc., including their members, officers, directors, agents and employees, sponsors of the event, and owners of the premises upon which the event is held and their employees harmless from any claim for loss or injury that may be alleged to have been caused directly or indirectly to any person or thing by the act of this dog while in or upon the event premises or grounds or near any entrance thereto, and I (we) personally assume all responsibility and liability for any such claim. I (we) further agree to hold the aforementioned parties harmless from any claim for loss of this dog by disappearance, theft, death or otherwise, and from any claim for damage or injury to the dog, whether such loss, disappearance, appearance, theft, damage or injury, be caused or alleged to be caused by the negligence of the parties aforementioned, or by the negligence of any other person, or any other cause or causes.

I (we) hereby assume the sole responsibility for and agree to indemnify and save the aforementioned parties harmless from any and all loss and expense (including legal fees) by reason of the liability imposed by law upon any of the aforementioned parties for damage because of bodily injuries, including death at any time resulting there from, sustained by any person or persons, including myself (ourselves) or on account of damage to property, arising out of or in consequence of my (our) participation in this event, howsoever such injuries, death or damage to property may be caused, and whether or not the same may have been caused or may have been alleged to have been caused by negligence of the aforementioned parties or any of their employees or agents, or any other persons.

I further acknowledge that I have read, understand and will abide by the Official Rules and Regulations of the United States Dog Agility Association, Inc. and the provisions for entry as set forth in the Agility Test Schedule of which this entry form is a part. I acknowledge and represent that the information supplied by me herein is correct to the best of my knowledge; if any portion of this information is found to be invalid or insufficient to establish the validity of my entry, such finding shall render my entry invalid in its entirety, for which there shall be no refund of fees paid. Further, I represent that I am the owner of the dog listed hereon, or that I have full authority as agent for the dog's owner and shall hold Touch & Go Agility Club, USDAA, including their officers, directors, employees and agents and their sponsors harmless from any liability or claims made by the dog's owner.

Further, I hereby grant to United States Dog Agility Association, Inc., its representatives, agents and assigns, all rights and permission to use or appropriate my and the dog's name, biography, likeness, photograph, voice, performing persona, or other indicia of identity for broadcast, telecast, cablecast, transmission or distribution in any format or media now known or hereafter to become known. I hereby release USDAA, its representatives, agents and assigns from any claim or cause of action for invasion of the rights of privacy, right of personality or any similar right.
